

ANWAR BARAKAT

Mid-Level Full Stack Developer (Laravel, React, TypeScript, Vue)

Dubai, UAE | (+971) 564614167 | brkatanwar0@gmail.com

[LinkedIn](#) | [GitHub](#) | [Portfolio](#)

SUMMARY

- Full-stack developer with 3+ years of experience in Laravel, React, and TypeScript.
- Specialized in EdTech and travel/booking platforms with real-time features, AI-powered systems, and secure payment integrations (Stripe, Mamo Pay).
- Strong focus on clean architecture, scalable codebases, and reliable deployments on Ubuntu VPS. **Based in Dubai, UAE.**

Experience

Full Stack Developer — [Tripz](#)

Jan 2024 — Present

Dubai, UAE (Full-time)

- Building a **school trip booking platform** that reduces coordination time between schools, destinations, and parents by **~40%**.
- Engineered **Stripe payment flows** with multi-party splitting, conditional release, and webhook verification for secure bookings.
- Integrated **real-time chat** using **WebSockets (Laravel Reverb)** between schools and destinations.
- Designed an **RBAC system** to enforce secure role-based access.
- Created **automated email workflows** to send emails efficiently across multiple channels.
- Built an **event management system** with targeted school notifications for multiple scenarios.
- Implemented **user lifecycle management** with trash/restore and PDF/Excel export.

Full Stack Developer — [Ednet](#)

Jan — Apr 2025

Dubai, UAE (Full-time)

- Built an **AI-powered e-learning platform** aligned with the UAE Ministry of Education curriculum.
- Developed a structured lesson system with **video** content, interactive lessons, and automated **quizzes**.
- Integrated **OpenAI API** to **generate AI-powered quizzes** with automatic answers and intelligent variations.
- Built a student dashboard for quiz tracking and progress analytics.
- Added a **university application system** connecting students to schools.

Laravel Developer — [Wa3i](#)

Jan — Mar 2022

Saudi Arabia (Remote)

- Automated **membership workflows** with online payments and digital certificates.
- Built **dashboards and control panels** for admins and multi-role access.
- Managed **users, sectors, and requests** with secure authentication and audit logging.

PROJECTS

Client Websites (Laravel, Inertia.js, React)

- [Al Mawahib Group](#) — Corporate website — Jan 2025
- [SSI School](#) — School website — Feb 2025
- [Al Mawahib School](#) — School website — Feb 2025
- [Salman Al Farsi School](#) — School website — May 2025

R-mark Store — [GitHub](#)

May — Aug 2023

- Built a modern **multi-language** store using Laravel & Livewire.
- Implemented **jobs and queues** to speed up subscription order processing by 50% and reduce wait times.
- Developed **shopping and order management features**, including coupons, filters, COD, cancellations, returns, and reorders.

R-POS — [GitHub](#)

Feb — May 2023

- Built a secure point-of-sale system with multilingual support for **managing commercial operations**.
- **Built modules for sales, purchases, workshops, and services**
- Implemented financial accounts, inventory tracking, and comprehensive reporting
- Created a responsive UI using Livewire for fast interactions

SKILLS

- **Frontend:** React, Vue, Next.js, TypeScript, Tailwind, Inertia.js, Zustand, Redux, shadcn/ui
- **Backend:** Laravel, PHP, MySQL, PostgreSQL, Redis, REST APIs, WebSockets (Reverb)
- **Payments & Integration:** Stripe (Checkout, Payment Intents, multi-party splits, webhooks), Mamo Pay
- **AI & APIs:** OpenAI API integration, automated content generation
- **Architecture:** Modular Monolith, Service/Repository Pattern, RBAC, Event-Driven Architecture
- **Testing & Tools:** PHPUnit, Pest, Postman, Git/GitHub, Ubuntu VPS (DigitalOcean), **Python (learning)**

EDUCATION

Damascus University

2016 — 2023

BSc in Electrical Engineering — Control & Automation.

Additional Courses

- Programming with JavaScript ([certificate](#)) — Jul 2023
- Introduction to Front-End Development ([certificate](#)) — May 2023
- The Complete Laravel Development Course — Oct 2021 – Jan 2022

LANGUAGES

- **Arabic:** Mother Tongue.
- **English:** Upper Intermediate
